- (jj) The order of finish for the Tournament shall be determined as follows:

- (i) If play continues until all but one player is eliminated, the order of finish shall be the order of elimination from last to first. The last remaining player shall be declared the winner.
- (ii) If more than one player remains at the Finishing Time, the order of finish shall be determined by ranking the value of chips held by each player at the end of play from highest to lowest. The player or players having the highest value of chips shall be declared the winner. Prize money will be distributed according to chip count, and payouts will be made according to a pre-determined payout structure.

A.3 RULES OF THE GAME

- (a) All suits have the same rank. The rank of cards, from highest to lowest, shall be ace, king, queen, jack, 10, 9, 8, 7, 6, 5, 4, 3, 2; an ace may be counted low.
- (b) The Dealer shall shuffle the cards using a Wash prior to each Round of Play.
- (c) Prior to the deal, the deck will be Cut by the Dealer using a Cut Card. The deck shall not be passed for a further Cut.
- (d) The player immediately to the left of the Dealer Button shall post the required Small Blind before the beginning of each Round of Play.
- (e) The player immediately to the left of the Small Blind position shall post the required Big Blind before the beginning of each Round of Play.
 - NOTE:** When all but two players have been eliminated from the table, the player with the Dealer Button shall post the Small Blind and the other player shall post the Big Blind.
- (f) All cards shall be dealt in a clockwise direction beginning with the player immediately to the left of the Dealer Button.
- (g) The Dealer shall commence the Round of Play by dealing one card to each player face down, then a second card to each player face down. The first betting round will commence once players have received both Hole Cards.
- (h) Each player may examine his/her Hole Cards at any time. It is a player's responsibility to protect his/her Hand from other players and the Dealer. The Hole Cards may be protected by keeping the cards in your hand, or by placing a small object on top of the cards.
- (i) Each player must keep his/her Hole Cards in full view of the Dealer at all times and must ensure that they are examined in a manner that does not disclose to other players their value. Any cards that fall off the table are dead. Players may not exchange information concerning their cards.
- (j) Players that Fold from the Round of Play shall not reveal their Hole Cards.
- (k) The first Betting Round shall proceed as follows:

- (i) The player immediately to the left of the Big Blind position is the first to act and must Call, Raise, or Fold.
NOTE: When all but two players have been eliminated from the table, the player with the Dealer Button is the first to act and must verbalize Call, Raise, or Fold.
- (ii) Betting continues in a clockwise direction until each player has an opportunity to Call, Raise, or Fold. The player in the Big Blind position may Check if no other player has Raised, or has the option to Raise.
NOTE: if only two players remain and they are playing Heads-Up, Raises are unlimited.
- (iii) If a player opts to Raise, he/she must verbalize Raise and place the proper amount of chips on the table. A Raise is minimum double the previous bet. A player may not place chips as if calling then go back to his/her chips to indicate a Raise; it must all be done in one motion, and it is considered a String Bet and is not allowed.
- (l) The Dealer shall commence the second betting round by Burning a card and then turning three Community Cards face up in the middle of the table; these three cards are commonly referred to as the Flop.
- (m) The Dealer shall commence the third betting round by Burning a card then placing the fourth Community Card on the table; this fourth card is commonly referred to as the Turn.
- (n) The Dealer shall commence the fourth betting round by Burning a card then placing the fifth Community Card on the table; this fifth card is commonly referred to as the River.
- (o) Betting for the second, third and fourth betting rounds shall begin with the player immediately to the left of the Dealer Button and shall otherwise proceed in the same manner as betting round one.
- (p) Upon completion of four betting rounds:
 - (i) If only one player remains in the Round of Play (i.e., all but one player has folded), the player is not obligated to show his/her Hand.
 - (ii) If two or more players remain in the Round of Play:
 - a. It shall be the obligation of the player who made the last bet to show their Hand when called by another player or players.
 - b. If no player has placed a bet, it shall be the obligation of all players to show their Hands.
- (q) Any combination of a player's Hole Cards and/or Community Cards may be used to construct a standard five-card poker hand.

Winning combinations

- (r) The dealer shall:
 - (i) Declare the last remaining player the winner or determine the winning Hand among the remaining players in accordance with the following ranking of poker combinations:
 - a. "ROYAL FLUSH" is a Hand containing an ace, king, queen, jack, and 10 of the same suit.
 - b. "STRAIGHT FLUSH" is a Hand containing five cards of the same suit in consecutive ranking. An ace may count high or low.
 - c. "FOUR OF A KIND" is a Hand containing four cards of the same rank.
 - d. "FULL HOUSE" is a Hand containing Three of a Kind and One Pair.
 - e. "FLUSH" is a Hand containing five cards of the same suit, but not in consecutive ranking.
 - f. "STRAIGHT" is a Hand containing five cards of consecutive rank, regardless of suit. An ace may count high or low.
 - g. "THREE OF A KIND" is a Hand containing three cards of the same rank.
 - h. "TWO PAIR" is a Hand containing two pairs.
 - i. "ONE PAIR" is a Hand containing two cards of the same rank.
 - j. "HIGH CARD" is a Hand that does not contain one pair or better.
 - (ii) Resolve ties in the following manner:
 - a. In the event of equal ranking poker combinations of Four of a Kind, Three of a Kind, Two Pair, or One Pair, the high card not used in the poker combination, commonly known as the Kicker, shall break the tie.
 - i. If a tie cannot be broken, the pot shall be split or Chopped equally.
 - ii. In the event there is an extra chip that cannot be split, the player closest to the Dealer Button receives the extra chip.
 - (iii) At the end of the final Betting Round (referred to as the "Showdown" when all players show/turn their cards face up to see who the winner is), the Dealer will Muck all losing Hands, and then award the pot to the winning Hand.
- (s) The Dealer shall ensure Blinds are posted.

All-In/Side Pots

- (t) If only two players remain in a Round of Play and one player does not have enough chips to Call the bet made by the other player, the player with the fewest chips may move All-In; the player with the most chips will receive chips back exceeding the chips of the All-In player. The Round of Play will then continue with no further betting.

- (u) In Tournament play if a player is All-In and there are only two players remaining, there is no more betting and the cards are exposed to everyone before the Dealer continues to deal.
- (v) If two or more players wish to bet more than the bet of another player moving All-In, the Dealer shall establish a Side Pot(s). Players may Raise All-In:
 - (i) The player moving All-In is eligible to win only the main pot, consisting of the Antes, Blinds, all previous bets, the bet of the player moving All-In, and the bets of the other players matching the All-In bet.
 - (ii) The players with chips remaining may continue placing bets into the Side.
 - (iii) Additional Side Pots may be created if other players are All-In. There is no limit as to how many Side Pots can be in play.

Elimination

- (w) A player is eliminated from the Tournament when the following occurs:
 - (i) The player has lost all his/her chips.
 - (ii) The player is absent and has been Blinded out.
 - (iii) The player is unable to post a minimum of the Small Blind when in the Big Blind position. (The eliminated player's remaining chips will be removed from play.)

Misdeal

- (x) In the event of a misdeal, the Dealer will retrieve all cards, re-shuffle and deal a new Hand. A misdeal may NOT be called after Substantial Action has occurred. The following would be cause for a misdeal:
 - (i) Dealing to the wrong person first.
 - (ii) Dealing too few or too many cards to a player.
 - (iii) Finding more than one Boxed Card (that is, a card that was mixed face up) in the deck.
 - (iv) Finding the deck to be defective.
 - (v) Finding a joker in the deck.
 - (vi) Dealing a player out that has requested a Hand, or has money invested in the Hand.
 - (vii) Failure to shuffle and/or Cut the deck before dealing.
 - (viii) Dealing one of the Blind's first card face up.
 - (ix) Dealing two or more cards face up.
- (y) In the event of a misdeal, additional Antes or Blinds shall not be required.
